Senato Caffé presenta il Franciacorta Bar,

unico in città e primo nel mondo. Il Franciacorta è una delle eccellenze enologiche italiane. La regione omonima produce dal 1961 quello che è oggi il miglior Metodo Classico in Italia. Grazie a questa collaborazione con il consorzio Franciacorta, potrete scoprire in carta e a rotazione, una selezione accuratissima di bollicine dei migliori produttori. Etichette rare o bottiglie provenienti da piccole cantine altrimenti inaccessibili della Franciacorta, a soli 75 km a est di Milano. Più di 3 mila ettari di vitigni nobili raccolti a mano per la maggior parte Chardonnay, ma anche Pinot Bianco e Pinot Nero. È stato il primo vino italiano realizzato esclusivamente con il metodo della rifermentazione in bottiglia e nel 1995 ha ottenuto la denominazione di origine controllata e garantita (DOCG). Non chiamiamolo spumante dunque, ma Franciacorta!

Senato Caffé introduces its Franciacorta Bar,

the one -of-a-kind in Milan and the first one in the world. Franciacorta is one of the Italian wine excellences. Produced in the homonymous region since 1961, it is known today as the best sparkling wine in Italy made according to the traditional (Champagne) method. Thanks to the partnership with the Franciacorta consortium, the ever-changing wine list offers a superb selection of Franciacorta sparkling wines, coming both from established and emerging wineries directly from the region, which is merely 75 km east of Milan. It comprises more than 3000 hectares of prized vineyards, made up largely of Chardonnay grapes, followed by Pinot Noir and Pinot Blanc. It was the first Italian wine made exclusively with a second fermentation in the bottle and in 1995 received the appellation of DOCG status, the highest quality standard for Italian wine. Don't make the mistake of calling it spumante. Ask for Franciacorta!
